## Pre-finished internal steel doors

Fit your home with superior internal steel doors with STEELIT®. STEELIT® doors feature elegant, authentic and timeless design. That makes STEELIT® a great match for nearly any interior; from cosily traditional to sleekly contemporary.

As you'll see, STEELIT® makes showing visitors the door a pleasure...

~ Frank Vandermarliere  
Manager

”

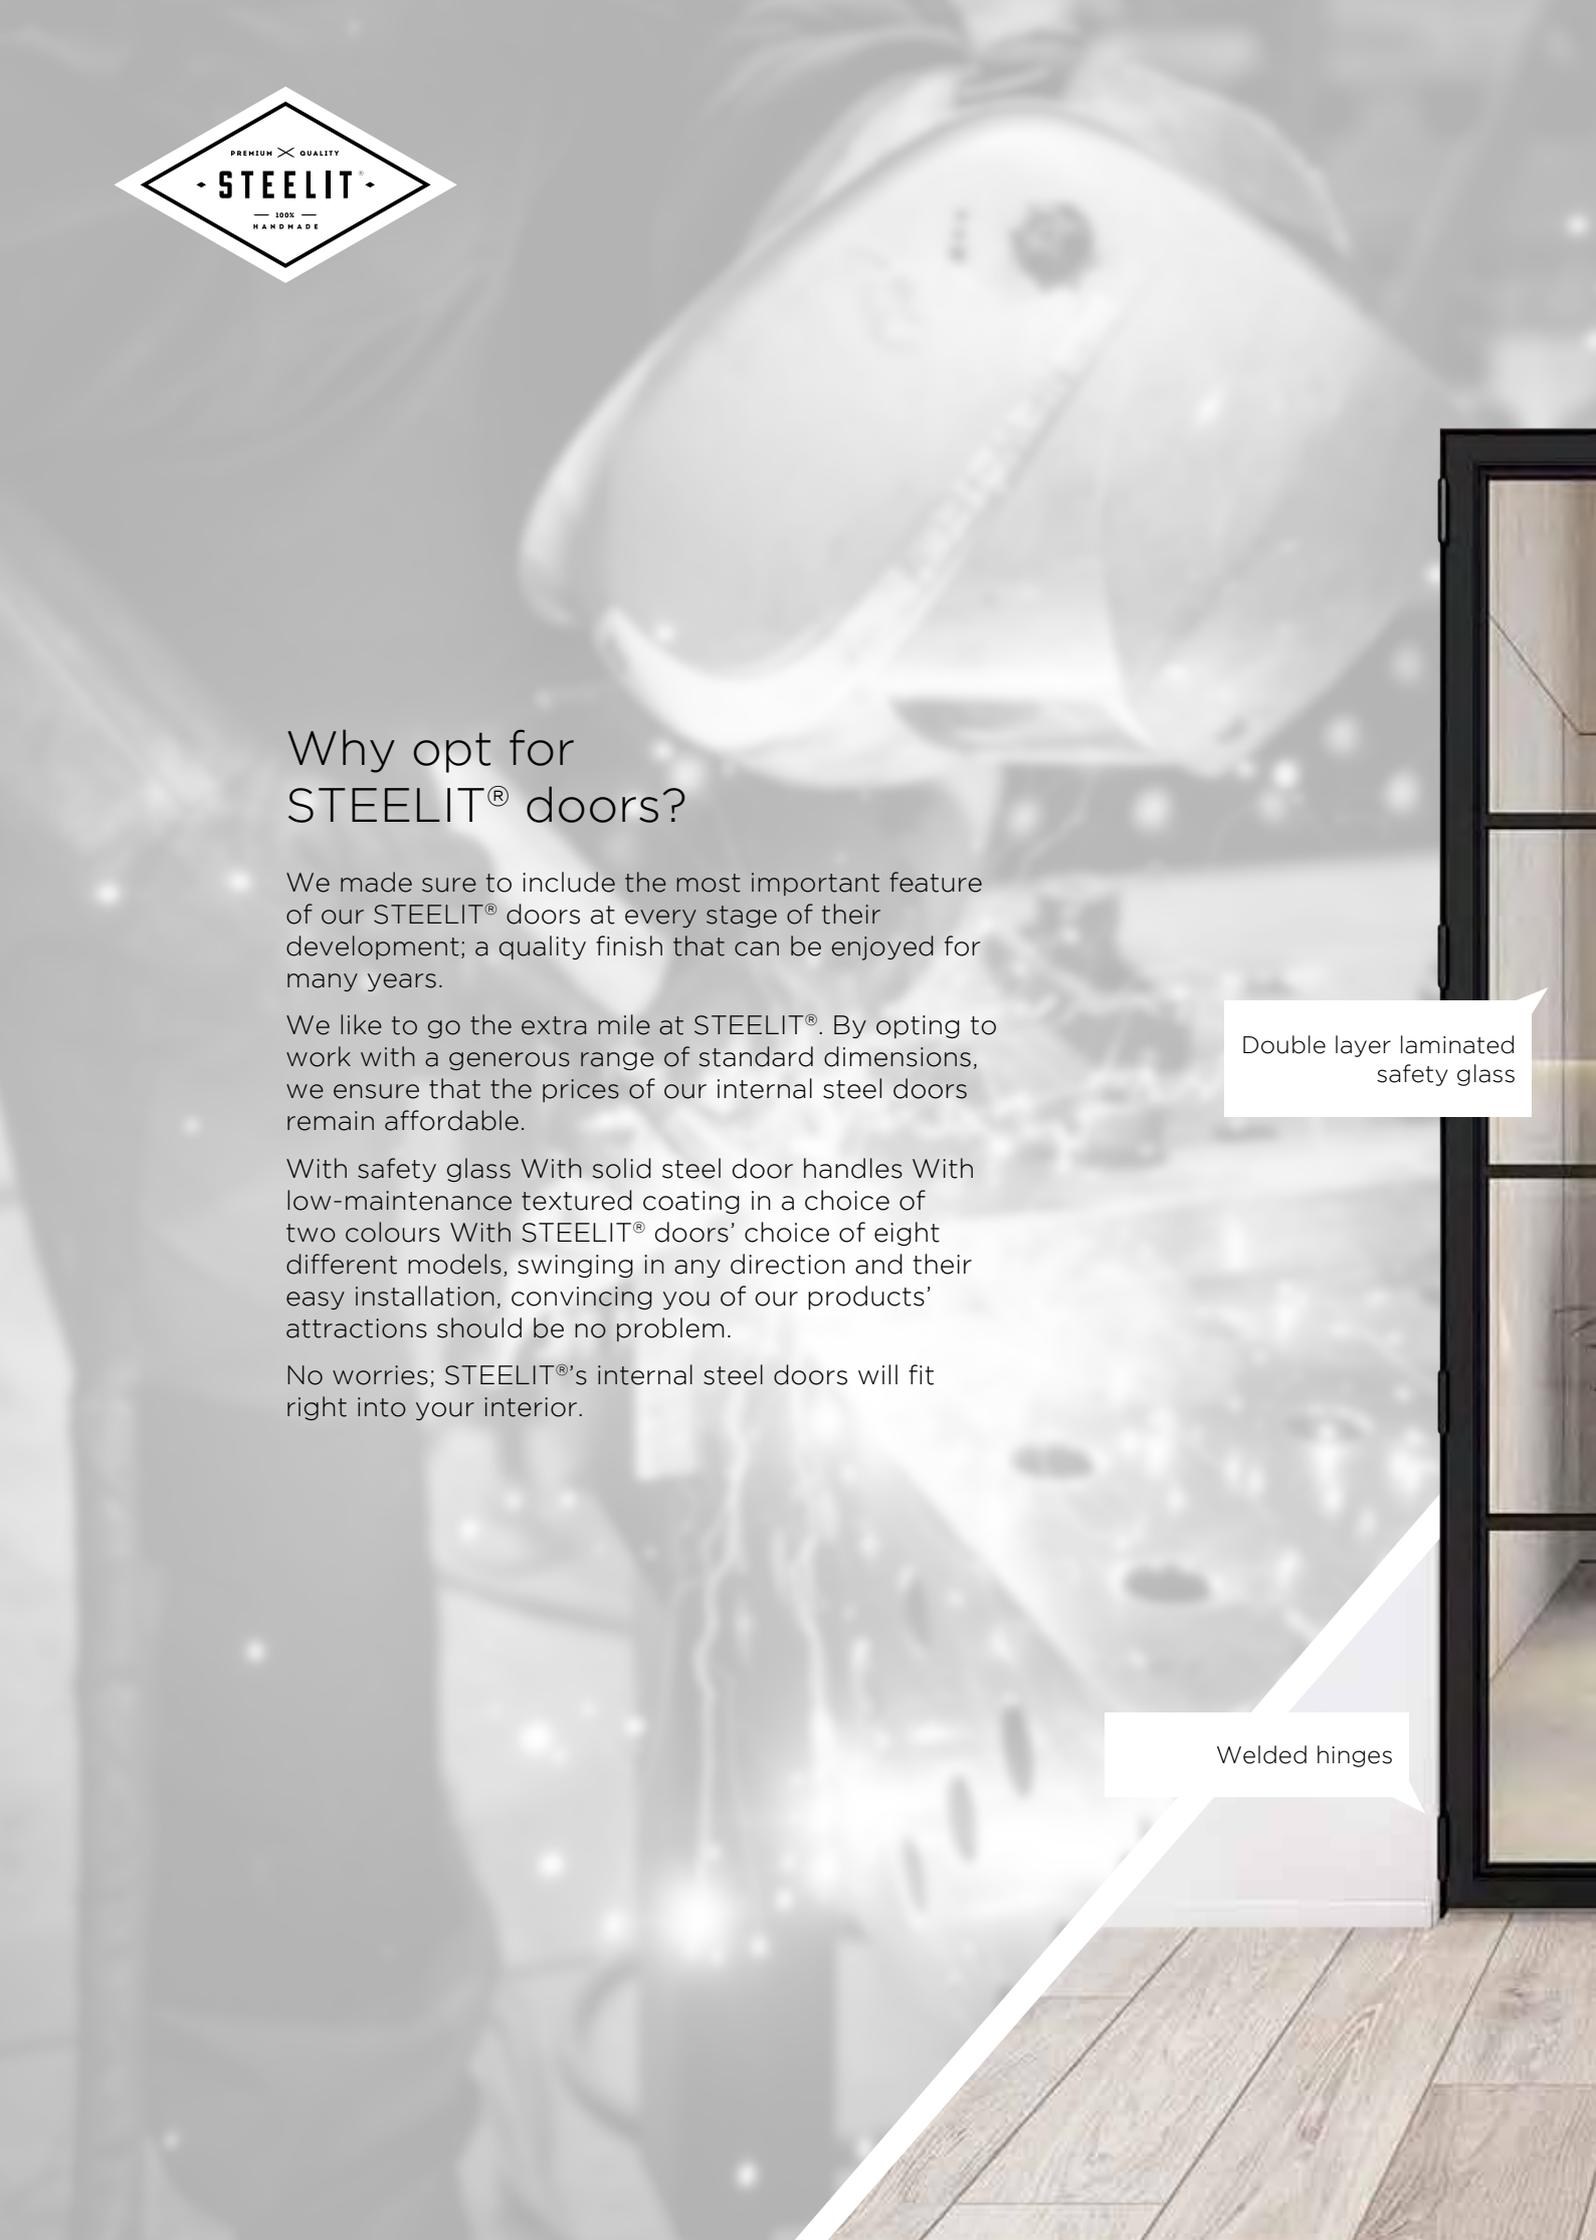

## Why opt for STEELIT® doors?

We made sure to include the most important feature of our STEELIT® doors at every stage of their development; a quality finish that can be enjoyed for many years.

We like to go the extra mile at STEELIT®. By opting to work with a generous range of standard dimensions, we ensure that the prices of our internal steel doors remain affordable.

With safety glass With solid steel door handles With low-maintenance textured coating in a choice of two colours With STEELIT® doors' choice of eight different models, swinging in any direction and their easy installation, convincing you of our products' attractions should be no problem.

No worries; STEELIT®'s internal steel doors will fit right into your interior.

Double layer laminated safety glass

Welded hinges

Quality finishing

Frame insert with mounting brackets

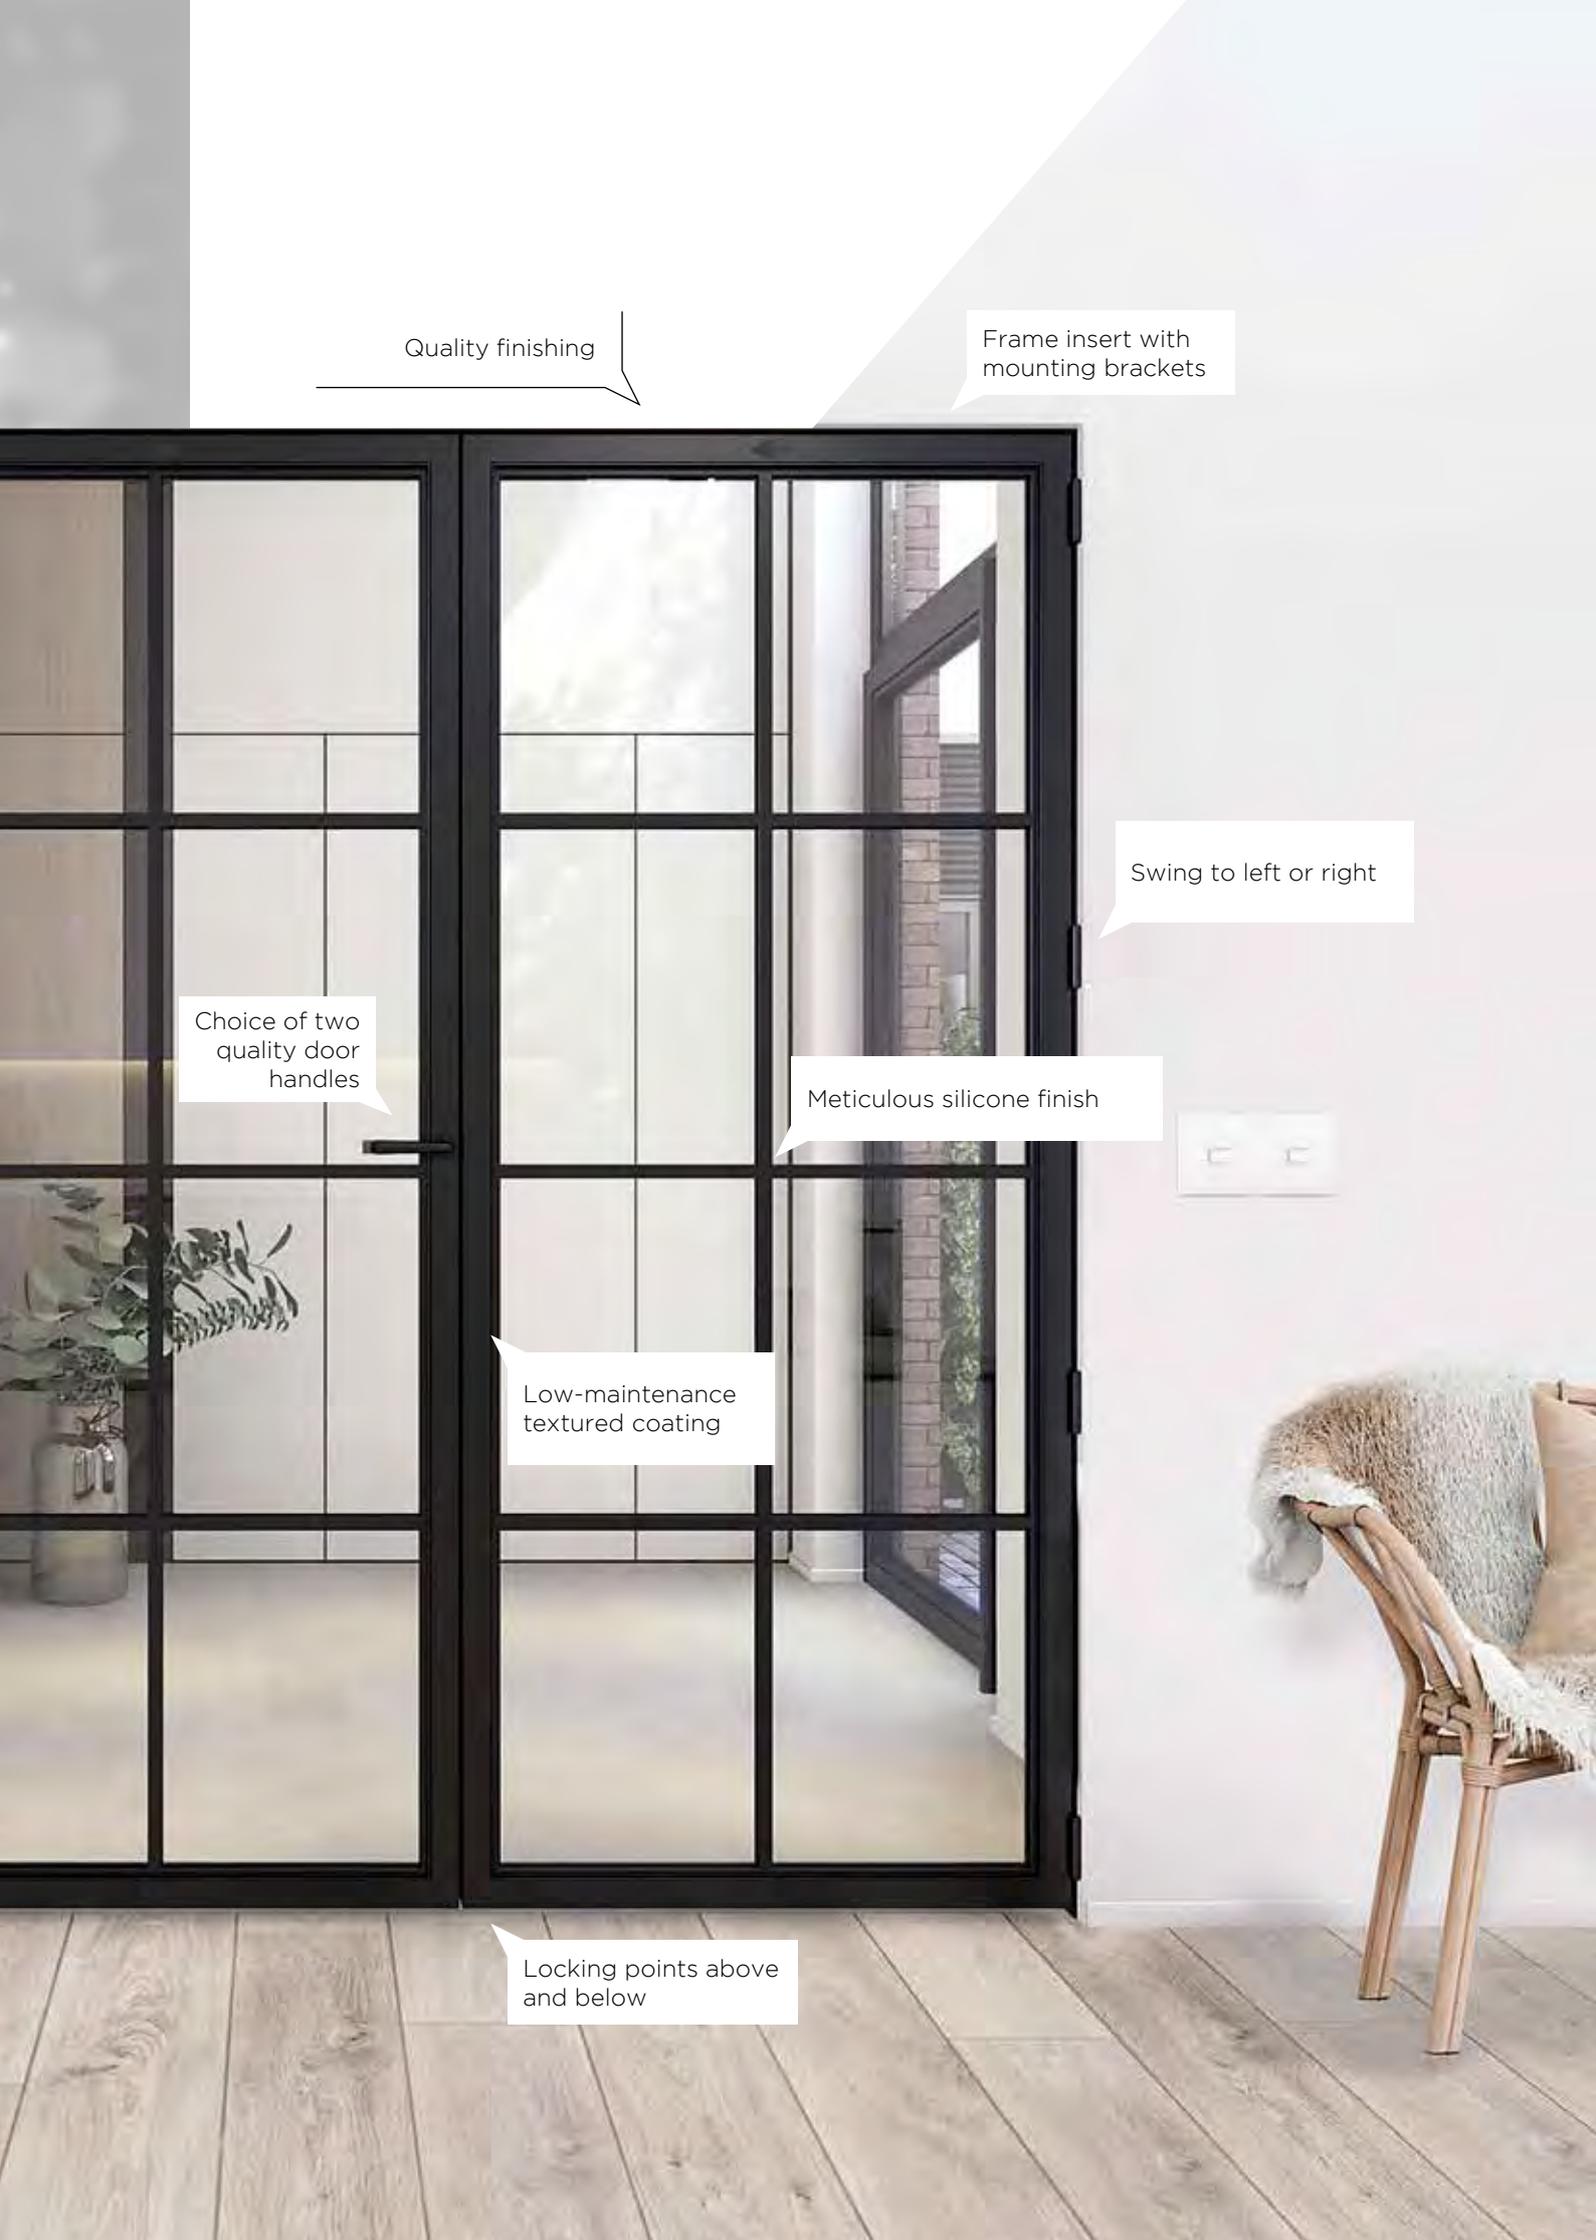

Choice of two quality door handles

Swing to left or right

Meticulous silicone finish

Low-maintenance textured coating

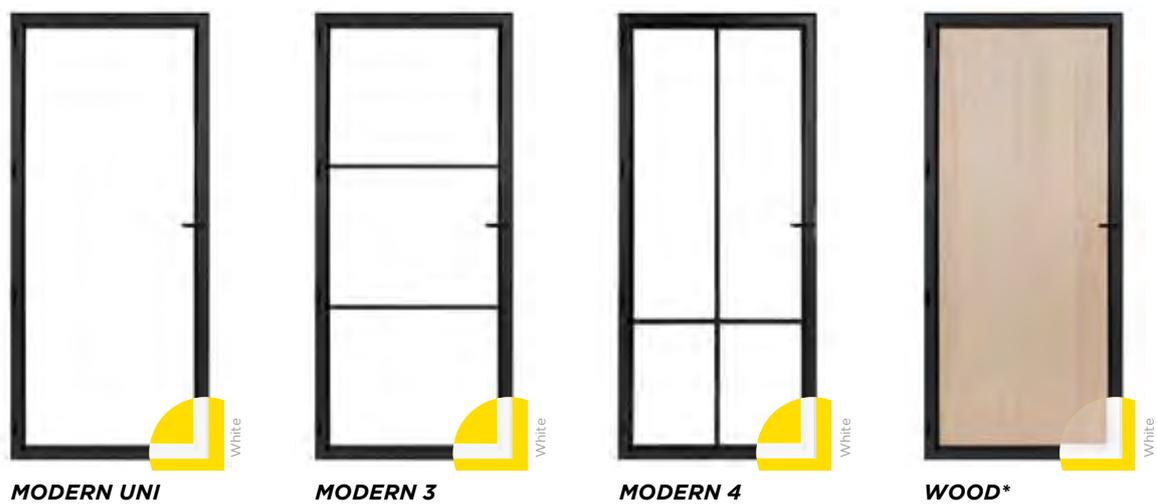

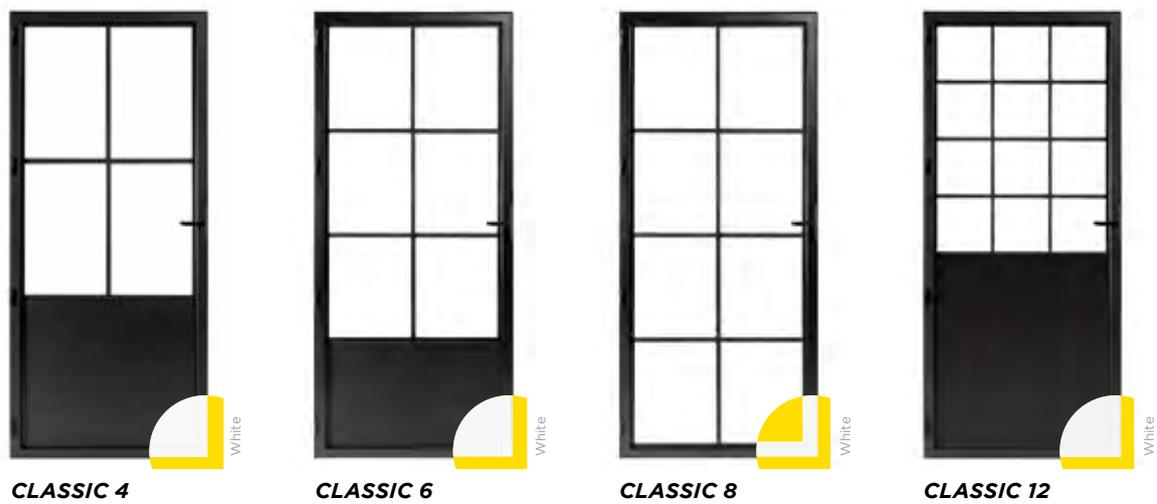

Locking points above and below

# Ordering your STEELIT® door

## 1 Select your door

The most important part of the selection process is also the easiest; choosing from the entire STEELIT® range: Door, Duo, Slide, Slide Duo, Slide Intense and Slide Intense Duo.

Also available in **white RAL 9016**

## 2 Select your dimensions

A list of the various openings is provided for each door. Measure these carefully and then use our online configurator to determine the optimal dimensions of your new STEELIT® door.

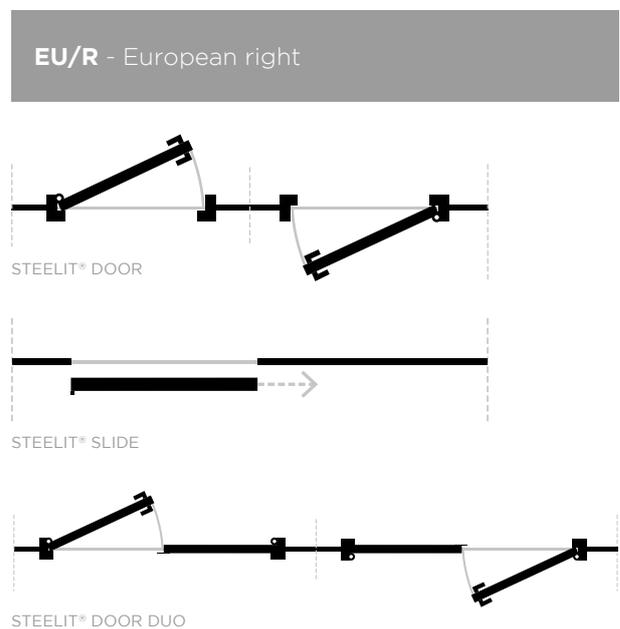

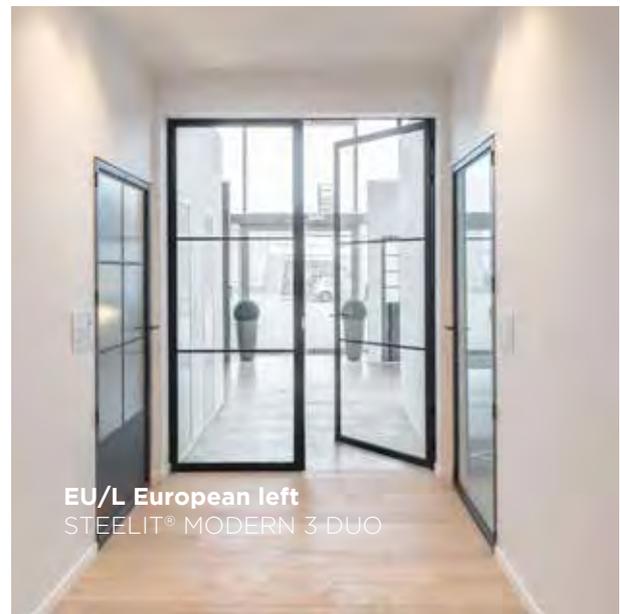

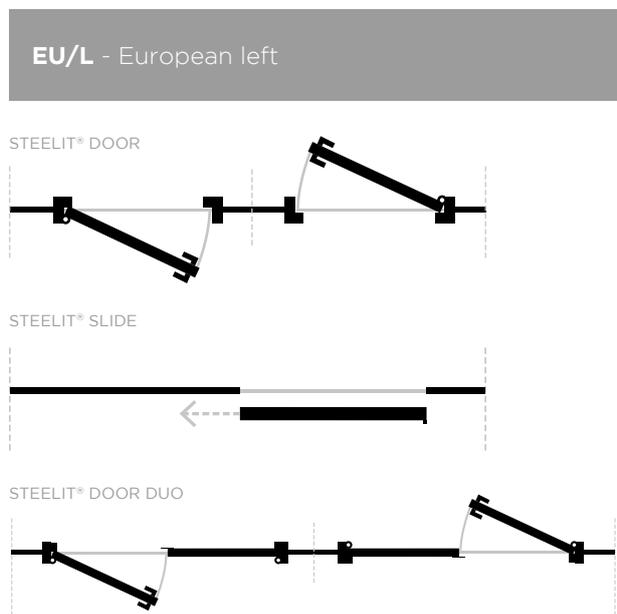

### Available dimensions **DOOR**
